START AGITATION FOR "WHITE WAY"

Light and Phone Wires Along Main
Business Streets Should Also Go
Under Ground, Say Citizens.

With the advertising of bids for the sale of her bonds next in order, Richmond's new sewer system and paved streets are moving this way rapidly. Advertisement for the sale of the \$150,000 worth of bonds voted by the city, is now being prepared and it is expected that the city council at its next meeting will be able to open the bids.

Reports are persistent that one or more of the local banks may make an effort to secure the entire block of city securities. Officials of the State Bank and Trust Company have stated that this strong financial institution may make an effort to buy all of the bonds as they feel that it would be a good, strong investment and a good move for the city as well, to have the bonds owned at home. It would indeed be a fine thing for the bonds to be held here, and would be an unusual advertisement of the strong financial resources of Richmond and Madison county.

Talk of a White Way to be erected all over the business section before the streets are paved, is insistent in town. The Kentucky Utilities Company has erected a very handsome cluster of light post in front of its office on Second, which is considered a fair sample of the sort that could be secured with a little effort on the part of public spirited business men. It will be recalled that the necessary money had been subscribed when the matter came up before the war, and a contract was about to be let, when hostilities commenced and all contract for metal work of any sort had to be cancelled.

At the same time there is considerable discussion of a movement to have the telephone and lighting wires on the principal main streets placed underground before new streets are laid. This would add greatly to the beauty of the city with unsightly poles and wires out of the way. Of course, it would entail considerable expense upon the companies but with taxpayers of city repaying to spend \$150,000 of their money to beautify and improve the town, it is felt by many, that it would be asking nothing unreasonable of the public service corporation affected that they make the improvements suggested.

Surgeons along these lines will undoubtedly come up before the City Council at its next meeting, and steps will probably be taken to insure that Richmond shall obtain the greatest possible amount of benefit from her new spirit dress.

Prominent Young Officer Visiting Relatives Here

Lieut. William C. Cole, of Huntington, W. Va., now an officer in the Motor Transport corp, United States army, with headquarters in Washington, is in Richmond for a short visit to his uncles and aunts, Mr. and Mrs. L. E. Lane, and Mr. and Mrs. G. H. Noland. Lieut. Cole was several weeks ago called to Washington from the officers' training camp at Jacksonville, Fla., and assigned to the important mission of taking an inventory of all the motor equipment at the various army camps throughout the United States, which will take him until about September 1st. After the completion of the work here he will probably be sent to France and Germany on a similar mission. He has just completed the inventory at Camp Taylor, Louisville, and goes next to Columbus, O. From there his itinerary extends to the Pacific Coast. Lieut. Cole is not only an expert automobile mechanic, but is also an aviator and expert machine gun operator. Several months ago while instructor at Camp Johnson, Jacksonville, he was severely injured while on aviation scout practice as the machine gunner of an army airplane, the motor of which went "dead," when the machine was 2,000 feet in the air, precipitating the driver and Lieut. Cole to the earth. He suffered a broken arm and splintered leg and was unconscious for five days, but after spending several weeks at the Johns Hopkins hospital, Baltimore, was "rebuilt" as he expresses it, and is now apparently as strong and vigorous as ever. He has received notice from his chief that he has been recommended for a captaincy which commission he expects to receive on his return to Washington from the Pacific coast.

YOUNG NEGROES FORGED CHECKS

Youngster Held To Grand Jury On
Charge of Signing George Hume's
Name To State Bank Checks.

Bill Tomlin, a young colored boy, who got too free with the name of George Hume on State Bank & Trust Company checks, is in jail awaiting the action of the grand jury on a charge of forgery. Dave Bush, another negro boy, was first arrested when Mr. Hume found several small checks showing up with his name on them, but it developed that Tomlin was doing the writing, drawing checks to the order of Bush and signing Mr. Hume's name to them. The forgeries were for small sums only, \$2.50 and \$3.50, but the youngster faces a prison term and will probably be indicted by the present grand jury. An effort will also be made to ascertain just how much Bush knew about the criminal transaction.

Court Martial To Follow Bribery Expose In Navy

(By Associated Press)
Washington, Feb. 19—Secretary Daniels has ordered two naval officers court martialled in connection with charges of bribery and graft in the Third Naval District. It was announced today that sufficient evidence had been submitted by investigators to warrant trials immediately. Secretary Daniels said at least two other cases are developing. No names were made public but it is learned one case involved the acceptance by a naval medical officer of a thousand dollars for passing an applicant not physically qualified for the duties he sought. Another case involved a bribe of \$500 to secure a detail which would permit the applicant to remain home indefinitely. Secretary Daniels said these conditions were confined to the district with headquarters in New York. He stated the investigation will be thorough and the details given out soon as circumstances warranted.

Tax Commissioner's Assessment
Books Show Gain of \$4,500,000 for

Powell and his efficient assistant Will Adams, have completed their books, and have them ready to turn over to the County Board of Supervisors, and after that to the State Tax Commission. With a million and a half added to the three million-dollar raise that the State Board tacked on to Madison's assessment last year, local property owners and officials feel that there is no reason why the local Board of Supervisors or the State Board should add anything to the tax burdens of Madison this year.

Von Hindenburg First Admitted Hun Defeat

(By Associated Press)

Weimar, Tuesday, Feb. 18—Mathias Erzberger, of the German Armistice Commission, today told the National Assembly many things about the armistice which his hearers either had not known or only suspected. Among them was that Prince Maximilian, who had approached the entente because of "iron compulsion of the high military command for peace," declared that Von Hindenburg demanded and authorized the signing of the first terms. Erzberger's statement was in reply to a bitter attack upon him regarding the recently renewed armistice.

This Wise Man, Poindexter!

(By Associated Press)

Washington, Feb. 19—Crowds thronged the Senate galleries today to hear Senator Poindexter, of Washington, denounce the proposed league of nations as a "fertile seed of war," an entangling alliance in which participation by the United States means the surrender of its sovereignty, an abandonment of the Monroe Doctrine and violation of the constitution. His address was the first prepared speech since the President asked Congress to forego discussion.

ASSASSIN FIRES ON "TIGER OF FRANCE"

Clemenceau Slightly Wounded By
Shot In Shoulder By Man Who
Looks Like A Russian.

(By Associated Press)

Paris, Feb. 19—Georges Clemenceau, France's aged but vigorous premier, was shot and slightly wounded today as he was entering his automobile for a drive. Five shots were fired by a would-be assassin, one of which struck Clemenceau in a shoulder. Another slightly wounded a policeman.

Clemenceau's assailant was held by a barber until the arrival of the police. He was dressed as an ordinary workman and gave the name of Emile Cottin, aged 25, a resident of Paris. He looks like a Russian.

Clemenceau when shot was on his way to a conference with Col. House and Balfour, concerning more rapid procedure before the Supreme Council. He also had in hand personally, certain subjects now under consideration concerning which there must necessarily be a suspension of activity for a time. As a matter of fact these subjects were vastly important as affecting the whole plan of the peace conference's operation, inasmuch as they related to an early peace treaty.

On the basis of reports, however, Clemenceau's injury is not serious. The American delegates expressed the opinion there will be no long delay in executing the conference plans.

Here's Glorious Relief From Itching Skin Diseases

No More Fiery Pain If You
use the Right Treatment

First of all, get it firmly fixed in your mind that the fiery, burning and itching that causes such pain and torture, is not a local skin disease. True, the skin is the scene of the attack, but the skin is fed by the blood and suffers from any impurity in the blood.

This explains why you have been so disappointed in getting any real, lasting relief from the use of ointments, salves, lotions, or other remedies applied to the surface of the skin.

The millions of tiny disease germs which infest the blood keep up a constant attack on the skin, and are not effected in the least by local treatment. They must be routed from the blood.

These germs which saturate the blood cannot be reached except through the blood. When you treat the local irritations with local applications, you must remember

that the blood is feeding fresh new germs all the time, to keep the skin irritated, and until the supply of germs is cut off entirely, you cannot expect any real relief.

But S. S. S., the fine old blood remedy, goes directly after the germs that infest the blood, and puts them to rout. This remedy is strictly a blood purifier, and there is no disease germ that can withstand its attacks.

This is why S. S. S. gives such satisfactory results in eczema, tetter, boils, pimples, or any other skin eruptions or disorder. By thoroughly purifying the blood, and cleansing it of every trace of disease germ, S. S. S. removes the cause of all skin eruptions, and restores its normal, healthy condition.

If you want relief that is lasting, because it goes to the seat of the trouble, get a bottle of S. S. S. today, and take it as directed, and satisfactory results will follow. It is sold by all drug stores. Special medical advice about your own case can be had without cost, by writing to Chief Medical Adviser, 102 Swift Laboratory, Atlanta, Ga.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies, and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug-gist or toilet counter for a few cents.

"AND don't forget to send along a package of Rookwood Coffee"—that's what they say when they order groceries from D. B. McKinney and Company. 66 6

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Colored Boy Asks \$5,000 For Loss of Legs Under Train

Most of Wednesday was spent by circuit court in trial of the \$5,000 damage suit brought by Bates Hogan,

a small colored boy, through his next friend, against the L. & N. railroad company. The youngster had both legs cut off in the Richmond yards. He claims that he was told by a member of the train crew to feel for "hot boxes" on a freight train and that the accident happened while he was doing it. He is represented by Attorneys C. C. Wallace and J. P. Chenault, and the railroad by Attorney A. R. Burman, Jr. The railroad defense is that he was trespassing on the right of way.

The court gave peremptory instructions in favor of the L. & N. railroad company in a damage suit brought by Al Morrison, a former printer here, for \$2,000 damages. Suit was filed through Attorney Frank Leslie Russell. Morrison went to sleep on a night train and was carried past Richmond, and had to get off and walk back.

This is the third week of the term. The following petit jurors were summoned to sit during the remainder of the term: Joe West, T. J. Tribble, R. M. Ramsey, Rufus Spurlin, Lem Tudor, M. B. Arbuckle, W. P. Dunbar, W. D. Durham, D. C. Griggs, James B. Deatherage, J. B. Norris, James Anderson, Joe Hamilton, Chas. Murphy, George McKinney, M. L. Haden, M. C. Lane, Elmer Parrish, Lewis Brandenburg, Archie Dunn, Owen Moore, and Frank Ritter.

W. E. Hiale Goes To Reward

Many friends are sorrowing over the death of Mr. W. E. Hiale, which occurred at his home here late Monday afternoon, after a lingering illness. He was a splendid old gentleman in every way, esteemed and beloved by all who knew him, and will be sadly missed. If he had lived until March, he and Mrs. Hiale, who is left mourn, would have been married 50 years and have celebrated their golden anniversary. Besides her, he is survived by one son, Elmer Hiale, of Illinois, and one daughter, Mrs. Fannie Wells, of Lexington. He had been a consistent and active member of the Methodist throughout many years and awaited the end with composure knowing that he had fought the good fight. He was laid to rest at Doyleville.
